MINIMUM QUALIFICATIONS:

- (A) One year of experience in the operation of medium weight automotive equipment; **OR**
- (B) Two years of experience in the operation of light weight automotive equipment.

AND:

- (C) Possession of appropriate level of NYS driver's license (determined by the Highway Department).

DISTINGUISHING FEATURES OF THE CLASS:

These duties involve responsibility in the County Highway Department for the safe and efficient operation of a variety of medium weight road building and construction equipment, including 10-wheel, double axle trucks and 4-wheel drive snowplows. This class differs from that of Motor Equipment Operator (Light) since it requires greater skill and there is increased responsibility for the safety of others. The incumbent is required to perform recurring manual duties related to operation of the equipment and other duties as assigned when not operating equipment. Additionally, an incumbent performs routine maintenance including lubrication and maintenance of equipment fluid levels. The work is performed under general supervision with leeway allowed for exercise of independent judgment in carrying out details of the work. Supervision may be exercised over the work of a Laborer assigned to the equipment operation. The incumbent does related work as required.
